

Revenue Cycle Management, Built to Perform.

Cost-effective RCM built on two decades of healthcare expertise —
for health systems, practices, MSOs, and payors.

WHY OUTSOURCE YOUR RCM

Revenue Cycle Management is the critical process healthcare organizations rely on to manage the financial side of patient care. Outsourcing to Augustus HCS pairs deep RCM expertise with advanced technology and scalable solutions.

- Meaningful cost savings vs. in-house billing operations
- Improved revenue and stronger, more predictable cash flow
- Enhanced billing accuracy and regulatory compliance
- More provider time back for direct patient care
- Reduced administrative burden, improved operational efficiency

WHERE WE HELP

Our highly trained staff review clinical documentation to substantiate medical necessity — protecting reimbursement and keeping you ahead of compliance mandates.

- Medical coding support across major specialties
- Documentation review to substantiate medical necessity for payment
- Guidance on PQRS, Meaningful Use (EHR Stage II), Value-Based Modifier, and MACRA/MIPS
- Protection against RAC/ZPIC recoupments, penalties & sanctions
- Consolidated end-to-end package or flexible on-demand support
